ABOUT US

Engineered for Global Industry

Your trusted global sourcing partner for custom metal parts. Manufacturing excellence from Shanghai to the world.

Shanghai Fyyna Machinery Tech Ltd. is a premier metal products manufacturer in China, certified to ISO 9001:2015. We specialize in producing custom metal parts for customers in the United States and worldwide, serving as a reliable global sourcing partner.

Our team provides resources and expertise in custom metal parts that reduce both direct and overhead costs. We are frequently asked to supply customized tubes, flanges, fittings, elbows and related components for all types of industrial environments.

With more than 15 years of hands-on experience supplying OEM metal parts, Fyyna has built an international reputation for high-quality off-the-shelf and custom-engineered components. From thousands of pieces to one-of-a-kind prototypes, we transform your drawings, specifications or world-standard requirements into finished parts.

One Partner, Complete Solutions

From casting to finishing, we offer comprehensive metal manufacturing services under one roof.

01 CNC Machining

03 Fabrication

05 Stamping

07 Die Casting

09 Forging

02 Tube Bending

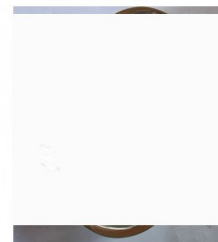

04 Custom Fittings

06 Investment Casting

08 Sand Casting

10 Metal Spinning

CNC Machining

Tight-tolerance CNC machining in a wide range of materials.

Certified Excellence in Every Component

ISO 9001:2015 certified quality management from incoming material to final shipment.

01 Incoming Material Inspection
Raw materials verified against certifications and specifications before production.

02 In-Process Quality Control
Real-time monitoring with SPC tools at every manufacturing stage.

03 Final Inspection & Testing
Dimensional verification and performance testing before release.

04 Pre-Shipment Audit
Independent quality audit and complete documentation before shipment.

★ ISO 9001:2015 Quality Management System
Certified — Shanghai Fyyna Machinery Tech Ltd. Certificate No. QMS-061201

INDUSTRIES SERVED

Trusted Across Critical Sectors

Supplying precision metal components to leading industries worldwide.

Hydraulics
Tubes, fittings, flanges & elbows

Automotive
Engine, chassis & exhaust parts

Marine
Corrosion-resistant components

Oil & Gas
High-pressure fittings & valves

Construction
Structural & heavy-duty parts

Industrial Equipment
OEM metal components

Aerospace
Precision cast & machined parts

Electronics
Precision housings & enclosures

Medical
Investment cast components

The Fyyna Advantage

Cost Efficiency
15+ years of optimized processes in Shanghai deliver real savings.

Fast Response
Quick quotes, rapid prototyping, agile production scheduling.

100% Accuracy
Zero-defect precision across cast, forged and machined parts.

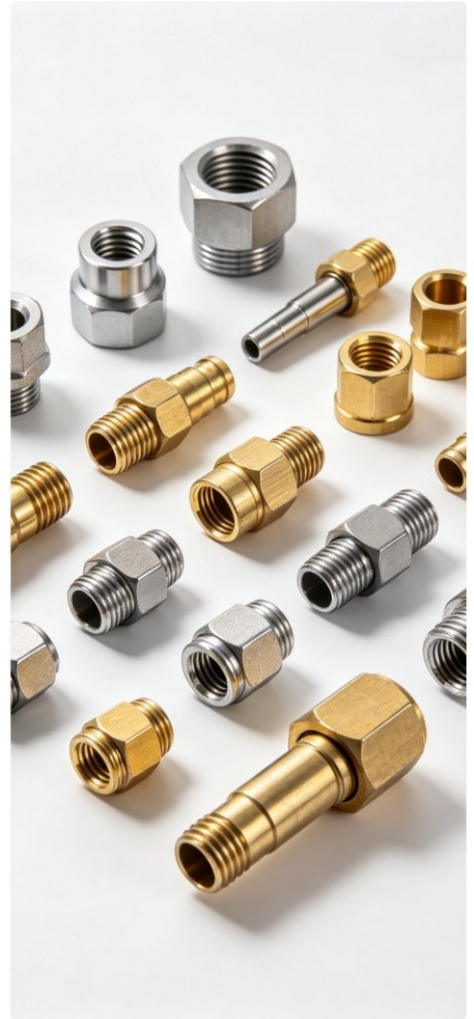

Partnership
Acting as your quality assurance department overseas.

We don't just manufacture parts — we deliver certainty.

PRODUCT SHOWCASE

Real Parts, Real Quality

A selection of components produced across our casting, forging, machining and fabrication capabilities.
